**Full Service
Extended School**

Every Child Matters

Haven High Technology College, based in the heart of the community of Boston, is dedicated to the challenge of making Every Child Matters (ECM) a reality for children, young people and communities.

The publication 'Extended Schools: Building on Experience' set out a core set of objectives that we are proud to be able to offer the community.

The core offer includes:

- a varied range of activities including study support, computer, sport and music clubs.
- access to childcare from 8.00am until 6.00pm
- parenting and family support
- swift and easy referral to targeted and specialist services
- hire of all facilities, available for community social events, meetings, adult and family learning, ICT, and sport grounds

Haven High Technology College works closely with parents, children and others to shape these activities around the needs of their community and may choose to provide extra services in response to demand.

Haven High Technology College Facilities

Haven High Technology College's facilities are of a very high standard, set at a low hire cost to maximise usage and benefit to the community. We can also provide extra support including catering, sound and lighting technicians and site managers to mention but a few.

Our facilities include:

Main Hall: including stage, lighting, and tiered seating if required. A popular venue for events including parties, wedding receptions, theatre productions, boxing show-cases and many more.

General room hire: including ICT suites, boardrooms and meeting rooms with state of the art facilities.
